

April 22 Community Meeting Cancelled

All,

The Del Puerto Canyon Reservoir Project Partners (DPWD and Exchange Contractors) have cancelled the April 22 community meeting due to the continued shelter-in-place order. Due to the uncertainties associated with COVID-19 and group gatherings, we are not rescheduling any further community meetings until we have clarity on being able to conduct in-person public meetings.

However, we are preparing a presentation about some of the issues and concerns expressed by the community, including dam safety, flooding, emergency response and inundation mapping. We expect to have the presentation available on the project website and via You-Tube in the very near future. We will alert you when it is ready and how to find it online.

We thank you for your continued patience as we all work thru the constraints associated with the COVID-19 pandemic.

Anthea Hansen and Chris White,
Project Partners for the Del Puerto Canyon Reservoir Project
